

An easier way to find quality providers.

Just look for the Cigna Care Designation.

Choosing a health care provider can be challenging, but our Cigna Care Designation (CCD) simplifies the process. We identify higher-performing* providers based on their proven quality of care and cost efficiency, marking them with a special symbol in our directory so they're easy to find.

Cigna Care Designation providers

Cigna HealthcareSM reviews primary care providers (practitioners, internists and pediatricians), as well as providers in 18 common specialties, including cardiology, dermatology and general surgery. Those who meet our requirements for both care quality and cost efficiency receive the CCD.
